SMUD HPP rebate application

We have found a wide range of quality when it comes to the application submissions. Please provide rebate Apps that are signed, legible, scanned through the scanner correctly/ straight, and scanned as a single page. Also please do not scan copies which are fuzzy or dark. This will help us save time and process your customer rebates much faster. Starting July 1, BKi is going to reject SMUD Rebate Applications that are unclear, illegible, or overly crooked.

BPI 1200 Press Release

BPI 1200 has been adopted and published as an ANSI Standard. Click [HERE](#) to review a comprehensive comparison of the changes that was developed by BPI standards department. This document will help you pinpoint the changes between the two versions by giving you the section that changed, the difference between the 9/26/13 version and the 5/18/15 version, as well as explanation and notes for the change.
